Every town in Connecticut can boast cultural assets that contribute to a vibrant community and improve the quality of life for its residents.

*What are some exciting arts and cultural events and organizations that you have experienced in your community?*

Summer Solstice Sculpture Walk, Annual Pumpkin Palooza, children's art shows at the NBMAA, and many more.

*If elected, will you work to strengthen the arts and culture community in the town(s) you serve? If so, how? If not, why?*

Yes, I have been an advocate of the arts for decades. I am currently on the arts, culture and tourism caucus and they a past president of the Greater New Britain Arts Alliance. I would encourage the creation of grants for various types of culture and arts initiatives.

Sandwiched between Boston and New York, Connecticut is often dismissed as a “pass through” state when it comes to tourism. Yet, our state has many world class arts institutions and a rich cultural landscape.

*Why do you think arts and culture are important in Connecticut? What is unique about our state's arts and culture?*

We have many small and large institutions that promote the arts throughout Connecticut. Some of the best museums in the country are located right here in CT. These institutions bring commerce to the communities they are located in. Bringing much needed tourism dollars to the entire state.

During the Covid-19 pandemic, many people discovered that arts and creativity play a critical role in helping us cope with emotional stress and sustain our mental health. Art helped us process loss, fight loneliness, stay connected and feel hopeful.

*Can you share a way that the arts have helped you, your family or your community get through the difficult times of Covid? How will that experience influence choices about the arts you would make as a legislator?*

Even though I wasn't a front-line worker during COVID, I worked on new programming and outreach via zoom technology to engage with our patrons as I work as a development director for a small museum and nature center centrally located in CT.

The arts and creativity have a proven track record of economic benefit to our state. The National Endowment for the Arts' Office of Research & Analysis and the Bureau of Economic Analysis report that, in 2020, arts and cultural production in Connecticut added \$8.9 billion to our economy and accounted for 3.2 percent of our gross state product, while the arts and cultural industries employed 49,159 workers with wages and benefits totaling more than \$5.1 billion. *Despite these contributions, the arts have historically been first on the chopping block when it comes to budget priorities. What would you do to help keep arts and creativity funded in our state at a level that recognizes their economic importance?*

Like I previously stated, I have been an advocate of the arts for as long as I can remember. Encourage support from fellow legislator on the importance of these entities and the positive economic impact they have on the state.

Connecticut has not had an Arts Education Specialist at the State Department of Education (SDE) since 2016, when the last specialist left. This position is critical to assuring that our State and National Arts Education Standards are consistently implemented in all of Connecticut's school districts, especially those in under-resourced communities where students' access to the Arts is often extremely limited compared to affluent communities.

*If elected, would you support refilling the Arts Education Specialist at SDE? If not, why?*

Yes, I am also on the education committee and understand the importance of art in the classroom as well.
