Every town in Connecticut can boast cultural assets that contribute to a vibrant community and improve the quality of life for its residents.

*What are some exciting arts and cultural events and organizations that you have experienced in your community?*

Richter arts on the west side, The Danbury museum, local street festal with an arts component

*If elected, will you work to strengthen the arts and culture community in the town(s) you serve? If so, how? If not, why?*

Yes, By doing as I have been doing and bringing moneys and grants into the community

Sandwiched between Boston and New York, Connecticut is often dismissed as a “pass through” state when it comes to tourism. Yet, our state has many world class arts institutions and a rich cultural landscape.

*Why do you think arts and culture are important in Connecticut? What is unique about our state’s arts and culture?*

With our state being small we have a dense amount of art and opportunities as well as may different type of settings to both experience it or create it.

During the Covid-19 pandemic, many people discovered that arts and creativity play a critical role in helping us cope with emotional stress and sustain our mental health. Art helped us process loss, fight loneliness, stay connected and feel hopeful.

*Can you share a way that the arts have helped you, your family or your community get through the difficult times of Covid? How will that experience influence choices about the arts you would make as a legislator?*

Being that I was a legislator who was dealing with covid 19 as well as promoting the things people needed to get through, we all supported the arts as well as other activities to get people out and about.

The arts and creativity have a proven track record of economic benefit to our state. The National Endowment for the Arts' Office of Research & Analysis and the Bureau of Economic Analysis report that, in 2020, arts and cultural production in Connecticut added \$8.9 billion to our economy and accounted for 3.2 percent of our gross state product, while the arts and cultural industries employed 49,159 workers with wages and benefits totaling more than \$5.1 billion. *Despite these contributions, the arts have historically been first on the chopping block when it comes to budget priorities. What would you do to help keep arts and creativity funded in our state at a level that recognizes their economic importance?*

As a graduate of Graphic arts I understand the importance of the arts but we also know that quality arts programs help invigorate many of our down towns. We also need to keep on the track of being responsible and give people a reason to visit. We need in good times sure up our arts programs and give grants to do so. In that way we can ride the tide of the poor times.

Connecticut has not had an Arts Education Specialist at the State Department of Education (SDE) since 2016, when the last specialist left. This position is critical to assuring that our State and National Arts Education Standards are consistently implemented in all of Connecticut's school districts, especially those in under-resourced communities where students' access to the Arts is often extremely limited compared to affluent communities.

*If elected, would you support refilling the Arts Education Specialist at SDE? If not, why?*

Yes and for the reasons stated above.
