What office and district are you a candidate for?

State Representative District 22

Every town in Connecticut can boast cultural assets that contribute to a vibrant community and improve the quality of life for its residents.

*What are some exciting arts and cultural events and organizations that you have experienced in your community?*

We have the Plainville Choral Society and the Historical Center. I would if love the main town in my district (Plainville) could boast. Many programs are no longer here unfortunately.

*If elected, will you work to strengthen the arts and culture community in the town(s) you serve? If so, how? If not, why?*

Absolutely! I think the program Epoch Arts that was started in East Hampton is wonderful. I would love to see something like that in Plainville. We also had an amazing Youth Theater Program but that has ended. We need to expand funding for the arts.

Sandwiched between Boston and New York, Connecticut is often dismissed as a “pass through” state when it comes to tourism. Yet, our state has many world class arts institutions and a rich cultural landscape.

*Why do you think arts and culture are important in Connecticut? What is unique about our state’s arts and culture?*

Our state has amazing museums and theaters. I love that we celebrate many cultures.

During the Covid-19 pandemic, many people discovered that arts and creativity play a critical role in helping us cope with emotional stress and sustain our mental health. Art helped us process loss, fight loneliness, stay connected and feel hopeful.

*Can you share a way that the arts have helped you, your family or your community get through the difficult times of Covid? How will that experience influence choices about the arts you would make as a legislator?*

My oldest son has dyslexia and art is his outlet. When he gets discouraged or sad he draws. He is talented and that has built his confidence up tremendously to deal with areas that he struggles in.

The arts and creativity have a proven track record of economic benefit to our state. The National Endowment for the Arts' Office of Research & Analysis and the Bureau of Economic Analysis report that, in 2020, arts and cultural production in Connecticut added \$8.9 billion to our economy and accounted for 3.2 percent of our gross state product, while the arts and cultural industries employed 49,159 workers with wages and benefits totaling more than \$5.1 billion. *Despite these contributions, the arts have historically been first on the chopping block when it comes to budget priorities. What would you do to help keep arts and creativity funded in our state at a level that recognizes their economic importance?*

I am in full support if the arts and keeping them off the chopping block. I think all tax payers need to pay their fair share. I think the wealthiest people in the state should pay their part vs losing assets like art programs that benefit everyone.

Connecticut has not had an Arts Education Specialist at the State Department of Education (SDE) since 2016, when the last specialist left. This position is critical to assuring that our State and National Arts Education Standards are consistently implemented in all of Connecticut's school districts, especially those in under-resourced communities where students' access to the Arts is often extremely limited compared to affluent communities.

*If elected, would you support refilling the Arts Education Specialist at SDE? If not, why?*

YES! As a Board of Education member I know this position is desperately needed.
