Every town in Connecticut can boast cultural assets that contribute to a vibrant community and improve the quality of life for its residents.

*What are some exciting arts and cultural events and organizations that you have experienced in your community?*

Tolland Arts, EC-CHAP

*If elected, will you work to strengthen the arts and culture community in the town(s) you serve? If so, how? If not, why?*

I'm always looking for ways to bring more people to my town via arts and cultural activities. I promote events and look for ways to highlight what is happening in the community on my pages.

Sandwiched between Boston and New York, Connecticut is often dismissed as a "pass through" state when it comes to tourism. Yet, our state has many world class arts institutions and a rich cultural landscape.

*Why do you think arts and culture are important in Connecticut? What is unique about our state's arts and culture?*

CT is a beautiful state with all kinds of "nook and cranny" establishments that celebrate the arts and our history. I'm not sure I can label anything unique to CT, I think of us more like the New England region and we all have things to offer. CT has so many small towns that are unique and rich in arts and history

During the Covid-19 pandemic, many people discovered that arts and creativity play a critical role in helping us cope with emotional stress and sustain our mental health. Art helped us process loss, fight loneliness, stay connected and feel hopeful.

*Can you share a way that the arts have helped you, your family or your community get through the difficult times of Covid? How will that experience influence choices about the arts you would make as a legislator?*

I have found myself going back to my younger years and looking to draw again. Photography - losing myself in nature and finding the small beautiful things that are often overlooked. I think its important that we support programing that enhances peoples curiosity and love of the outdoors and finding beauty in all the spaces we inhabit.

The arts and creativity have a proven track record of economic benefit to our state. The National Endowment for the Arts' Office of Research & Analysis and the Bureau of Economic Analysis report that, in 2020, arts and cultural production in Connecticut added \$8.9 billion to our economy and accounted for 3.2 percent of our gross state product, while the arts and cultural industries employed 49,159 workers with wages and benefits totaling more than \$5.1 billion. *Despite these contributions, the arts have historically been first on the chopping block when it comes to budget priorities. What would you do to help keep arts and creativity funded in our state at a level that recognizes their economic importance?*

I have actively supported the arts in the Commerce committee work I've done. Its important that we find all the ways life is beautiful and make sure that is accessible to everyone.

Connecticut has not had an Arts Education Specialist at the State Department of Education (SDE) since 2016, when the last specialist left. This position is critical to assuring that our State and National Arts Education Standards are consistently implemented in all of Connecticut's school districts, especially those in under-resourced communities where students' access to the Arts is often extremely limited compared to affluent communities.

*If elected, would you support refilling the Arts Education Specialist at SDE? If not, why?*

It would depend on the legislation and how it was written. but possibly, yes.
